To Y Care Charitable trust

First of all we wish you the best in this New Year 2008. It's a big job indeed that you are doing to support those who can not afford.

Report about funds from Y Care

It's a great pleasure to have received the amount of P25, 000.00 from your organization as beneficiaries for 2007.

As we have indicated on our request for the funds we are happy that we have managed to fix our truck in which is the one that we are now using to transport water and fire wood to our clients and guides at the island. You have helped us a lot since this has reduced our expenses since we have been hiring some vehicles to supply us with these services. We hope that it will also help us to cater for you in this year sponsored walk. e.g. supply of water and fire wood.

We even bought an electric generator with some of the money which was left since we also had a brake down with the old one that we have been using. Since you know that we don't have electricity in the village and we are using a generator to operate the day to day activity of the office. We are now doing bookings, fax and any other activities that's need power.

We thank your organization million times for the support they gave us

Yours truly,
Goabaone Bolesitswe

General Manager
